## KALABRONE MAXI

KALABRONE MAXI is a shelf support for free-standing shelves. Boasting a captivating design, it perfectly meets the actual market demands.

It is suitable for wood shelves from 25 to 50 mm thick. Its solid structure guarantees a capacity loading of 25 kg for each support with a shelf 320 mm deep.

KALABRONE MAXI comes with 2 adjustments:

- Vertical: through the oval hole positioned on the upper bracket
- Inclination: through an adjustable screw positioned on the main support

The soft element made of engineering plastic positioned on the upper bracket guarantees a perfect adhesion to the shelf, thus avoiding that the shelf is accidentally removed.
